Intermediary Training Calendar

July–September 2026

First Children's Finance Oregon is pleased to offer professional development training designed for intermediaries, CCR&R staff, and early learning system partners supporting child care businesses across Oregon. Led by experts in child care business acumen and leadership, these sessions strengthen intermediary capacity to coach, guide, and support providers in areas such as financial sustainability, business operations, strategic planning, and long-term program success.

All trainings are available in English, Spanish, Russian, Vietnamese, and Chinese. Please select your language preference when registering.

Strengthening Business Foundations: Guiding Providers in Strategic Planning

July 7 | 2-3:30 pm PST

Core Knowledge Category: Program Management (Set Level 1)

This session equips CCR&Rs and intermediary staff to confidently interpret and share key elements of strategic business planning with providers. Participants will review foundational tools such as business plans, readiness checklists, and planning frameworks, while learning how to position these resources in conversations with providers. The goal is to ensure intermediaries can coach providers toward stronger applications and long-term sustainability.

Financial Acumen for Child Care: Coaching Providers on Budgeting and Cash Flow

August 4 | 2-3:30 pm PST

Core Knowledge Category: Program Management (Set Level 1)

This training prepares intermediaries and CCR&R staff to guide providers through budget development, cash flow projections, and financial decision-making. Participants will learn coaching techniques to simplify complex financial concepts, apply case examples, and connect budgeting to program goals and sustainability.

REGISTER

Tax Readiness and Compliance: Preparing Providers for Financial Accountability

September 8 | 2-3:30 pm PST

Core Knowledge Category: Program Management (Set Level 1)

Intermediaries and CCR&R staff will learn how to help providers prepare for tax season by introducing simple recowrdkeeping practices, explaining allowable deductions, and clarifying the separation of business and personal finances. The session also covers strategies for connecting providers with local tax professionals and ensuring year-round compliance.
